Dear Nancy,

How's this ole world treating you? Fine that's good. I know everyone will miss you during the next year because I know I will, Don't forget me in assembly program helping you give those yells. Although we haven't been in any classes I have been well acquainted with you through Billy. He talks about you alot. Do you still remember that dull party we had at my house. If it wasn't for you it would have been a flop. No kidding. I hope you succeed in every thing you undertake to do. However I know you will. Always remember me as your friend.

Love always

Dear Mom,

Less go swimming to night or how about a trip to Washington.

Want to go riding in "Bee Pop" and play in and out the window.

Remember the time the three mad-fimers got kicked out of the library.

Remember the dances at the youth center and when it first opened. You were the first girl that I dated in high school. That was a long time ago, is that the reason that you won't give me a date now?

All kidding aside it's really been swell knowing you and having you as a friend and pal.

Dear Libby

We won't be coming to the ~~the~~ class reunion. Will miss seeing all of you.

This has been an eventful five years for us, some good some bad. Our other two girls finished school. All three ~~are~~ ^{are} married. I have two beautiful granddaughters ^{born in 1978}. My husband had a by-pass heart operation in 1977. We sold our business in 1978, and am in the process of trying to sell our property here so we can move to Florida.

I know it would be time-consuming for ~~the~~ you and the committee but it would be nice if we could have a newsletter on everyone so we could keep track. One of the committees did this some time back and it was real nice to know where everyone was and what they were up to.

Well have a good time.
Say hi to everyone for me

Sim,
NPR

It's hard to explain in words
how I feel and ~~that~~ say that you
can tell how a person feels by re-
ding between the lines so I left
plenty of space.

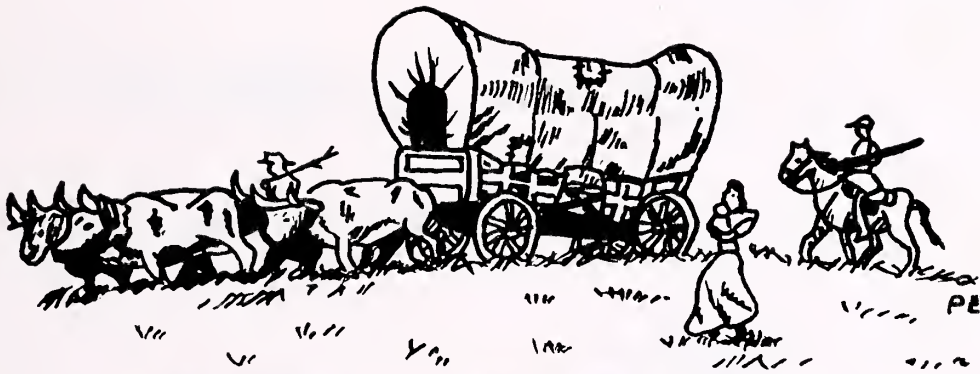

Now, the best of everything
to you and don't ever change,
not even a little bit; for you
couldn't possibly be any better
you have a perfect personality.

It's going to be a sad year
next year without you and "Kook",
but thank God it will be the
last.

as always;

Senior Class History

Now as dignified seniors, we can look back on four of the happiest years of our lives. Go back with me now and let us reminisce awhile.

Remember those first horrible days when we went to the wrong rooms, opened the doors, and were met by the laughs of those awesome upperclassmen. Soon, however, we caught on and also caught the school spirit that would make the coming years mean so much to us.

For our leaders that year, we chose: Charles Magee, president; Loretta Kern, vice president; Dolores Lawler, secretary, and George Estes, treasurer. Our faltering footsteps were led that year by our home room teachers as our sponsors.

We made our debut into social affairs at Clifton Forge High School at the Halloween dance given us by the Seniors. We also gave an assembly program as our initiation. It was a scream. Well, we thought so anyway.

With a feeling of pity for those poor lost Freshmen wandering around the school, we confidently entered our Sophomore year with Dolores Lawler, president; Billy Bath, vice president; George Estes, secretary, and Jack Winfrey, treasurer. Miss Mary Clancy served as our sponsor.

That year, you remember, we didn't do much to claim attention. We were too new to be into everything and too old for every day to be a novelty.

Remember how our Junior year seemed a battle for ole Mr. Dollar? With Harry Woods, president; Libby Lawrence, vice president; Billy Bath, secretary; Barbara White-side, treasurer, and Miss Clancy, sponsor, we finally succeeded in financing a Junior-Senior Prom to be proud of. The armory was decorated in the Senior colors, pink and white. At the entrance and around the orchestra, were silver horseshoes for good luck.

Remember how hard it was for us to believe that at last we were Seniors? It was a proud moment when, at the first assembly, the whole school stood up for us to march in. We settled into the routine with Billy Bath as our president; Connie Lyons, vice president; Libby Lawrence, secretary, and Danny Diamondidis, treasurer. Miss Van Horn has been our sponsor.

Some things that we'll always remember about our Senior year are: The football games and dances; the Hi-Y dance; the donkey basketball games; the Senior Play, and the wonderful Prom given us by the Juniors.

Although we are sorry to leave, we know that the traditions of our school and her hopes for the future will be well taken care of by those coming after us.

Our challenge as we go out to find our place, might be summed up in these words:

*"Let us then be up and doing,
With a heart for any fate.
Still achieving, still pursuing,
Learn to labor and to wait."*

Senior Class Poem

It seems like such a long, long time,
And how very much we've grown!
Once we thought 'twould never come,
But how the years have flown!

And now the play is over and gone,
Our lessons have all been done,
Our goal is before us like glorious dawn,
Our hands clasp the prize we've won.

So we near our commencement day,
That time of joy and sadness.
We'll cherish our teachers who pointed the way,
And all those comrades of youth and gladness.

And may God bless us, every one,
That outside these doors, we, too,
May find each his spot in the sun
And a great, big job to do!

Dear Nancy,
Here's wishing
you the
luck in the
world.

Mountaineers of '48

While the season of 1948 can hardly be called a successful year, it was the best in the last two years. The *Mountaineers* won three and lost six games during the year. The boys fought hard in every game and never stopped trying, but the fact that they were outweighed in every game and that they lacked capable reserves could not be denied.

The *Mountaineers* opened the season by defeating Central 18-6. Mason scored twice and Westerman once in this contest.

The heavy Greenbrier team smothered the green and gold-clad Clifton squad 36-13 in the second game of the year. Next, the Blue Streaks, of Harrisonburg, led by Sipe, a great all-around back, took Clifton Forge 28-6.

The *Mountaineers* captured their second victory of the '48 season by turning back Buena Vista 14-0 with Liptrap and Mason scoring. Then came, perhaps, the worst game of the season for the Clifton boys when Valley High upset Clifton Forge 13-0. Overconfidence was, undoubtedly, the main cause of this loss.

This game, however, didn't keep the team down. They played a hard, well-fought game with Winchester, the champion of the conference, finally losing 26-0. They then, took a close, exciting game from Staunton, 6-2 with Mason scoring the winning touchdown on a 30-yard jaunt.

Then came the game of the year for *Mountaineer* fans, the annual Clifton Forge-Covington game. The first half of the game was grueling and rough with some outstanding line play on both teams. But, with the score standing 7-0 at the start of the second half, the Cougars broke loose and scored three times against the tired and outmanned Clifton Forge squad to win 26-0.

The final game of the year with Lexington can be summed up in two words, "Pooley" Hubert. This boy, unquestionably one of the best high school passers in the state, wrecked the *Mountaineers* 43-6. He gave a tremendous passing exhibition, throwing five touchdown passes, besides scoring once himself.

Congratulations should go to the team for its play and to the coaches, Crawford and Stevens, for their leadership during the season.

Best of luck to a very
nice and cute girl. I'll
never forget you

Horizons Unlimited

IN AT least one respect, an industry — or a company — in our country is similar to an individual. The progress of both is dependent on capability, effort and the extent to which mankind is served.

It was less than 40 years ago that the first rayon plant was built in the United States. Today, the manufacture of rayon is a major industry, employing many thousands of persons and making a notable contribution toward a more pleasant and comfortable life for all of us.

When rayon was introduced to the field of textiles, it was used primarily in the manufacture of knitted garments for women. Today, rayon is used in virtually all types of wearing apparel, many household furnishings, and in tires, industrial drive belts and conveyors. More uses for this remarkable man-made fibre will be unfolded in the future.

For the young citizens of our country, the future holds great promise. The high school graduates who have just marked the end of one and the beginning of a second important milestone in their lives can make of the future whatever their abilities and efforts will permit. Just as much as in the past, the horizons today are unlimited for the youth of a free land.

To the members of the Senior Class, on this occasion of their graduation, we extend our very best wishes and congratulations.

Dear Nancy,

Well, this is our last annual and it's a beauty, isn't it? I just think, in a few weeks we'll be out of here for good. I truthfully can't say I'm sorry. I don't care what anyone says about wishing that you were back in high school. Deep down I might be sorry but all top I'm not. I'll admit that we've had some good times during the past four years but we've had some bad ones too.

Don't forget all the swell times we have had in speech class. Remember the day we had to go down to the hotel to give those monologs. How much nervous.

I hope this year's prom is as successful as our previous ones. I've never had a more wonderful time in all my life.

I want to wish you the luck in the world when you go to Washington. I know you'll succeed in everything you do.

It was a real honor to have you as my partner when you danced at all the football games and basketball games. We sure enjoyed you. You didn't let us down.

Well, good luck again to a swell and successful year.

Love and kisses,
Joan

Dear Nancy,

I really can't think of anything to
say in this book that you might
like to read later. Therefore I'll just
write what I really think of you.
I think (really do) that you are one of
the nicest girls I have met. I would like
for you to know that I thought you
were the B. ball player in school. Besides
that you're a lot of fun to be with.
Remember the giggling spasms that you and Karl
had the M. Cut Rate while Babe and I watched.

Dear Nancy,

We're finally achieved (well, almost) our
goal. It really is meant alot to me to
be in your class. I've never really had
some exciting times especially, I think.
Remember all of those exciting times.

There's my wish for your future
and happiness is all that you need
now.

Mr. Smith, certainly have been along
with together. It's the same to some
possible for us to have to part.

Always keep your smiling and
charming disposition and you will
go far in life.

Oh, what a you make like always
remember me & class. I'm the one
to the Club Assembly and you're trying
to get your share there and saying
"Hurry! you only have a few minutes."

We are all really waiting for
graduation with a voice but your
school is out and we are waiting
now but I'll remember you as
a small friend and girl.

I guess I'll be better off, so

Dear Nancy,

The time has come for us to leave C.F.H.S. I sure will be glad. I thought I never could make it.

Don't ever forget the good times we have had together.

Remember the football game at Lexington when my pockets were loaded.

We had some good times during Basketball season too. I didn't like the 20 laps we had to take.

Don't forget the good times we have had in the pep club. That was some banquet and dance we had. The picnic was pretty good too.

Remember "E" period when we went up to Home Ec. and played cards. Miss Johnson gave us a rough time, didn't she?

Now I want to wish you the best of luck always. I hope we will always be friends. When you are in Washington working & I am in Maryland maybe we can see each other sometime.

Please stay as sweet and cute as you are and you will go far.

Dear Nan,

Hello Sugar how is this ole world treating you by now? Are you the master of the situations that face you now? Boy Women we have really had some good times haven't we? I will never ever forget the church picnic. Boy when I jumped over the wall. I sat you to show you that you should look the situation over carefully before you walk into anything. Right? That is one thing that you and I never did. Now I don't want to lose confidence in people but that's what happening to me slowly but surely and that just isn't for me. I don't think that I shall ever have a friend like you. I never can giggle with

anyone else. Remember the problems
I had around March 20th and
April 1st. If it hadn't been for
you and Jean I don't know what
I would have done. Now, maybe
I don't show it but I really appreciate
the help you give me and there's
nothing I enjoy more than our
long heart to heart talks. I
think I'm beginning to see the
light about now in regard to a
lot of things. I hope I learn
a lesson and never get involved
again. Now I know that if
you really want something bad
enough you will always try for
it even if you'd like to quit.

Loads of love,
Katie

Dear Nancy,

It's been great knowing such a swell person
as you have been since I've known you. I know
you never forget old C. I. H. I. I know I won't either.

Do you think you was forgot Shortland class?
Wasn't it a scream? She's an Awful person but
we've really had some wonderful times when she
wasn't there. 1

I know you'll succeed in everything you
try to do because you have a personality that
would win anyone over.

I don't know what I would have done in
Shortland if it hadn't been for you and them
and all the rest to help me.

I know we're going to have a wonderful
time at the groom. Don't ever forget it.

Always remember me, even though I've only
known you a short time I'm sure I always
remember you.

Love ya,
